NURSE SUPPORT GROUPS Operate on the principle of anonymity. Names and numbers are shared with the expectation that you will respect their privacy by not using their phone numbers for any purpose other than that of support. These groups are usually free to attend; although sometimes, a small fee is donated to keep the facility available.

FACILITATED NURSE SUPPORT GROUPS are led by a licensed Therapist; these groups usually charge a fee.

Please call the contact of any meeting before attending to make sure there aren't any changes.
